HIGH SCHOOL DIPLOMA
(2009 - 2019)

+ SOBRE MÍ

Systems and Computer Engineering graduate with an interest in Data Analytics, Business Intelligence, automation, and cloud-based data processing.

Experienced in designing Business Intelligence solutions, developing dashboards, transforming and analyzing data, and supporting data-driven decision-making. I also have knowledge of software development, databases, and web technologies.

I am passionate about leveraging technology and data to optimize processes, solve business problems, and create solutions that generate value.

+ EXPERIENCIA

Banco de Bogotá
Bogotá

JAN. 2026 - JUL. 2026

INTELLIGENCE & PEOPLE ANALYTICS INTERN

- Designed and developed Business Intelligence solutions using Power BI, SQL, Python, Excel, and Power Query.
- Built dashboards and strategic KPIs to support data-driven decision-making.
- Transformed, validated, and modeled data from multiple sources to improve reporting quality.
- Optimized analytical processes and supported data integration with cloud-based databases.
- Prepared executive presentations and documented analytical processes for the People Analytics team.

+ LANGUAGES

Spanish (Nativo) English (B1)
